

The pain is real - silos are keeping your team's best ideas from making it to the roadmap.

Source + track intelligently, **minus** the noise

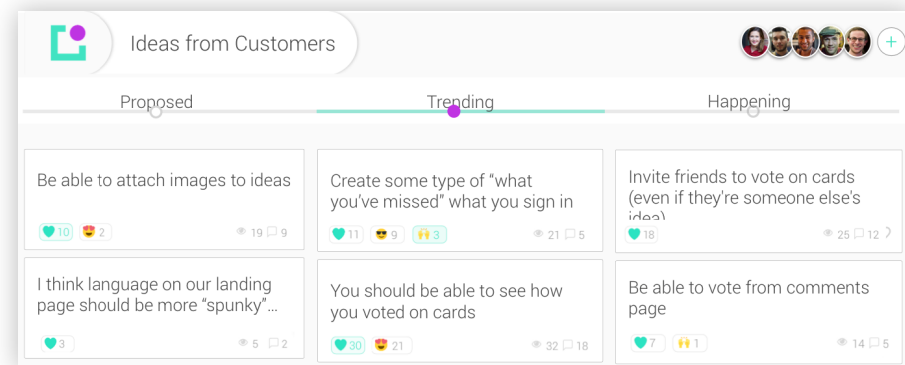

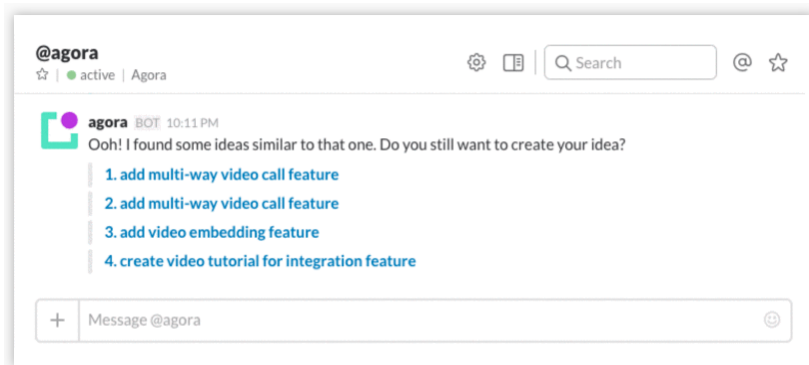

// Submit ideas on slack

// Refine with custom questions

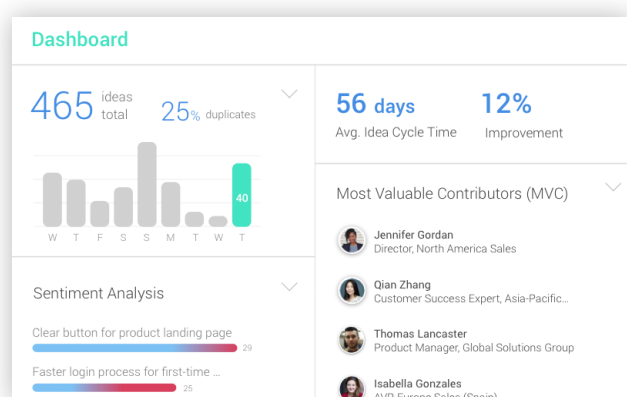

// Avoid duplicates

// Collaborate to build traction

Build products that everyone loves

**Decide what matters—fast**

Reduce idea-to-build cycle time by 50%

**Empower your team with action**

Export the best ideas to the workflow

**Keep stakeholders in the loop**

Send notifications when ideas are shipped

**Schedule a demo now**
